

WORKPLACE HEALTH AND SAFETY POLICY

The Company is committed to complying with ISO 45001, all local government acts and regulations, applicable Codes of Practice and Australian and New Zealand Standards as far as possible.

Management is committed to:

- The health and safety of all employees, visitors, and contractors by preventing hazards and reducing occupational health and safety risks
- Prevention of injuries and ill health
- Continual improvement of the Integrated Management System ensuring it remains relevant and available to interested parties
- Establishing and reviewing objectives and targets to minimise work related injury and illness
- Fulfilment of legal and other requirements
- Provide all employees with personal protection equipment to comply with our policies ie; safety helmets, safety glasses etc.
- Allowing workers to adopt the “STOP WORK AUTHORITY” if they deem the work to be dangerous or in contravention of safe working practices
- Suitably train all employees to satisfy legislative requirements, hazard awareness and our objectives
- Consultation and participation from all employees on matters relating to their workplace using the Safety/Team meetings which are held on a regular basis

Clients are responsible for ensuring that the work areas in their direct control are maintained to a safe level and enable our employees to perform their tasks according to our documented procedures.
